

May

*The world's favourite season
is the spring. All things
seem possible in May*

Edwin Way Teale

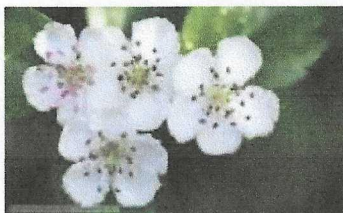

Hawthorn

Tony Richards

May info

- ❖ Named after the Greek goddess Maia
- ❖ One of the hawthorn's other names is the May-tree
- ❖ May's full moon is the Flower Moon – the 3rd Supermoon this year
- ❖ 1st May celebrated in many cultures but probably not this year
- ❖ Oxford's May Morning choir was virtual this year

May's flowers of the month

Hawthorn

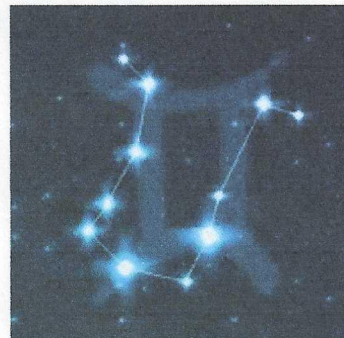

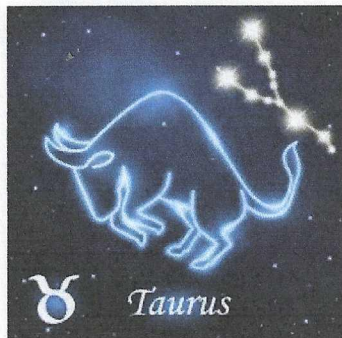

and Lily of the Valley

and May's birthstone

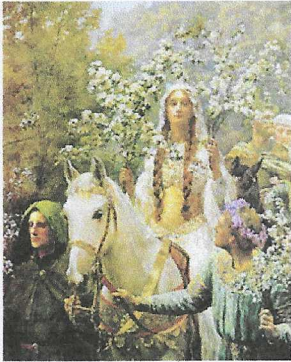

Emerald

May's signs of the Zodiac are Taurus and Gemini

May

Queen Guinevere's Maying by John Collier

May Day with Flowers An ancient spring festival and traditional holiday in many cultures.

In the late 19th century, May Day was chosen as the date for International Workers' Day

The 7th of May's Flower Moon

This Year's Month of May

The sun came out giving us its support in our new way of life

One problem was deciding what to do about cutting the grass now that our groundsman is practising S-I . Should it be a big tractor-pulled gang mower or a flock of sheep?

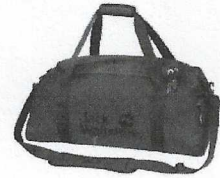

Good job the tractor won because there is now a new hobby alongside bird, wild flower, tree, fungi, grasses, butterfly etc spotting.

May

It's called **people-spotting** and luckily you don't need bins like you do for birds. And even luckier you don't need the park bins either because with this people-spotting species – their litter **Stays At Home**.

People-spotting Learning about more of their habits

Families arrive with plans, ready to go. Exercises first then

etc

So many joggers, runners, buggy pushers, fast and slow walkers, kids bikes
All ages.

In pairs or solo. Best is the man on the bike, the woman running alongside

And dogs. One of which might well be grabbed by Risinghurst Cricket Club – speeding to catch any ball, at any distance, at any rate. Cool to watch. This Supercatcher out performs any Test cricketer.

Talking of which – The Square, well outside the square:

- Great for running, pedalling round making up rules as you go along
- But watch for dogs taking short cuts
- Great for dads standing still doing the timing
- Perfect for gymnastics and dancing around
- Easy straight lines for toddlers to tackle

Hope that post-coronavirus the park will still be as popular
